4. Verification of compliance submitted by institute:

Sl. No.	Deficiencies reported from GOI/MCI	Compliance by College sent to GOI/MCI	Remarks of the Assessors after the assessment
1	Library – no A/c in outside reading room.	The Air conditioners have been installed.	Ac installed in outside reading room.
2	Visitor's room not available in hostels.	Kind attention is drawn to the observation of the assessors on hostels at serial no. 7 of the summary of assessment where it can be noted that visitors rooms are available. Air Conditioners have been installed in all the visitors rooms and thereby the deficiency is rectified.	Available with AC facilities in all the hostels. (Boys & Girls students) and Residents.
3	Bed occupancy 48%.	Your kind attention is drawn to the dissent note of the Principal on page no.13, item no. 2.6 of the Standard Assessment Form Part A-II (2019-20) regarding the clinical material in the presence of the Assessors. On the first day of Assessment i.e. on 25.09.2018 at 10am there were 235 in-patients. Thus bed occupancy works out to be 78%. However the Assessors have reported only 174 in-patients bringing down the bed occupancy	253 out of 300 = 84% on the day of Assessment.

		<p>percentage from 78% to 58% which makes a difference of 61 in-patients (i.e., 235-174 = 61).</p> <p>In view of the gross difference of 61 in-patients it was felt that some pages could have gone missing inadvertently and all wards might not have been taken into account, the Principal requested the Assessors to recount the actual number of in-patients which were noted by the Assessors, in order to be certain of the numbers. However this request was not accepted.</p> <p>Even though the in-patient number is taken wrongly as 174 by the Assessors, the bed occupancy works out to be 58% and a random 10% (18 patients) deduction from "174" in-patients results in 156 inpatients and it works out to be 52% of bed occupancy and not 48% as mentioned in the report. This calculation error may be ignored.</p> <p>Despite repeated requests to relook into the number of in-patients as noted during the hospital rounds by the Assessors, they refused to show even the figures noted by them.</p> <p>The following 8 (eight) in-patients who were</p>
