4. Verification of compliance submitted by institute:

Sr. No.	Deficiencies reported from GOI/MCI	Compliance by College sent to GOI/MCI	Remarks of the Assessors after the assessment
1	Deficiency of Faculty is 15.38% as detailed in the report.	The Assessors have erroneously computed the deficiency of faculty as 15.38% without compensating the excess staff available in higher category in the department for the deficiency of lower category in the department. The actual deficiency of faculty based on the faculty present and what assessors have accepted on the day of assessment comes to <u>2.36%</u> and not 15.38% as erroneously computed by the Assessors. A statement showing department wise excess staff in higher cadre not taken in to account against the lower cadre staff is enclosed as <u>Annexure-IV</u> . A copy of relevant pages of the Calculation Sheet of the Assessment Report dated 20.07.2018	Deficiency of Faculty 2.53% on the Day of Assessment.

		highlighting the details of No. of duly Accepted teaching staff by the Assessors and shown as Deficiency staff without taking into consideration of higher category staff compensation for lower category staff as <u>Annexure -V</u> .	
2	Shortage of Residents is 11.2% as detailed in the report.	The Assessors have accepted Dental Staff and by mistake entered in available column as well as in deficiency column. Actually SVS Institute of Dental Sciences is under the same management of SVS Medical College and both the institutions are adjacent to each other. Hence there is no separate staff is required for the department of Dentistry. As per "Minimum Standard Requirements for the Medical College Regulations" where Dental College or Dental wings of Medical College exist the services of teachers may be utilized in the instructions of Medical students in Dentistry and no separate staff in the Medical College shall be necessary. Hence the actual deficiency of Residents comes to <u>9.85% and not 11.2%</u> as computed by the Assessors.	Shortage of Residents is 1.16%
3	Data of OPD attendance as provided by Institute are inflated.	Our OPD timings are from 9.00 AM to 4.00 PM. It is submitted that our hospital is located in a remote rural / tribal backward area of this district with less or no facilities of public conveyance. Most of them have to travel from long distance depending on private transport or on their own means. Assessors have taken OPD at 12.00 Noon itself. On the day of assessment the actual OPD at 2.00 PM was 1321 and at 4.00 PM it was 1721. The OPD data at 2.00 PM and at 4.00 PM as on the day of Assessment, as per records, is enclosed herewith as <u>Annexure - VI(a)(b)</u> .	1410 Patients attended OPD till 2.00 PM on the day of Assessment.

4	Bed occupancy at 10 a.m. on day of assessment was 72.38%.	<p>In this regard, we submit that the Assessors have not considered some patients in their own point of view they do not need admissions and also those who went for Radiological & other lab investigations, treatment rooms and waiting for Surgeries, and they simply treated them as 'vacant beds' while computing the percentage of bed occupancy.</p> <p>The actual percentage of bed occupancy as on the date of assessment was 85% on 720 teaching beds (150 Admission) and 91.42% as per Assessors own count on 570 teaching beds (100 Admissions). The details of bed occupancy at 10.00 A.M. as on 20-07-2018 is enclosed as <u>Annexure-VII</u>.</p>	Bed occupancy at 10.00 AM on the day of Assessment is 70%
5	<p>In the department of Medicine, Surgery and ENT, more than 20% of the admitted patients did not merit admission. E.g. in ENT 10 out of 24 patients were admitted for DNS. In Surgery, many patients were admitted for acid peptic disease. In Medicine cases sheets dates and</p>	<p>From the point of view of our clinicians their admissions was necessary and their admissions were made based on the result of their diagnostic and investigation reports.</p>	<p>In ENT 1 Patient was admitted with Chronic Tonsillitis, One Patient with Allergy and DNS and One Patient with CA Pharynx</p>

	notes date did not match. Case sheets kept in the wards did not match with the patients names when they were asked. Patients are admitted for trivial reasons.	Because of the inspection, all the faculty and staff including the surgical departments, mainly concentrated in signing the faculty attendance sheet before the Inspectors and thereafter in preparing the declaration forms for presenting them on the same day for head count before the Assessors for their physical verification. Later these case sheets were updated.	
6	There was NIL Normal Delivery on day of Assessment.	There were three normal deliveries. Emergency LSCS 2 and elective LSCS 2. On the day of assessment.	05 Normal Deliveries 02 Caesarian Section done on the day of Assessment upto 2.00 PM

Notes:
For purpose of working out the deficiency:
(1) The deficiency of teaching faculty and Resident Doctors shall be counted separately.
(A) For Teaching Faculty:
(a) For calculating the deficiency of faculty, Prof., Assoc Prof., Asst. Prof & Tutor in respective departments shall be counted together.
(b) Any excess teaching faculty in higher cadre can compensate the deficiency of lower cadre of the same department only.
(c) Any excess teaching faculty of lower cadre/ category in any department cannot compensate the deficiency of any teaching faculty in the higher cadre/category of the same department or any other department. e.g. excess of Assistant Professor cannot compensate the deficiency of Associate Professor or Professor.
(d) Excess/Extra teaching faculty of any department cannot compensate the deficiency of any teaching faculty in any other department.
(B) For Resident Doctors:
(a) Excess of SR can be compensated to the deficiency of JR of the same department only.
(b) Excess SR/JR of any department cannot compensate the deficiency of SR/JR in any other department.
(c) Any excess of JR cannot compensate the deficiency of SR in same or any other department.
(d) Any excess/ extra teaching faculty of same or any other department cannot compensate the deficiency of SR/JR. e.g. excess of Assistant Professor cannot compensate the deficiency of SR or JR.
(2) A separate department of Dentistry/Dental faculty is not required where a dental college is available in same campus/ city and run by the same management.
(3) Colleges running PG program require additional staff, beds & other requirements as per the PG Regulations - 2000.

8. 1) Deficiency of Teaching Faculty: 2.53 %

2) Deficiency of Resident doctors: 1.16 %

This is our humble request that our average bed occupancy is 80-85%. There were three holidays, 5th - Jagjeevaram birthday, 6th - Ugadi - Telugu new year - big festival of Telangana & 7th was Sunday - Inspection on 8-4-2019. Otherwise the occupancy would have been more than 80%. The other reason was, many of the patients were not considered as the assessor said they do not merit admission but due to backward area we have to admit them to comply with treatment. If these pts were considered it would have been more than 80%. Hence we request you kindly grant recognition & enhanced seats from 100 to 150.

Yours sincerely, Thanking you.
