9. Any other deficiency/remarks :-

1. We all three assessors had reached Major S.D. Singh Medical College & Hospital Bewar Road, Fatehgarh-Farrukhabad at 10:00 am on 26/09/2017 .
2. We met the Principal at his office and according to his version, no assessment is possible due to big agitation and security threat by the medical students because of paralyzed power supply due to a Major blast and fault in the main power supply plant of the city. Signed letter of Principal is enclosed herewith.
3. Due to this untoward situation prevailing in the campus we are not in a position carry out any assessment work though we met the Principal in his office and the Medical Advisor in the office.
4. As there is no assessment no column being filled up.

Singh Medical College & Hospital, Fatehgarh under Chhatrapati Shahu Ji Maharaj University, Kanpur u/s 11(2) of the IMC Act, 1956 for the award of M.B.B.S.degree(100seats).No.MCI-34(41)(UG)(Recg-17)/2016Med./ Date: 26.09.2017.

Sir/Madam

I am very sorry to inform you that, in the main local electric supply unit of Farrukhabad district there was a blast in the underground cable on 24/09/2017 at about 04:00 pm and till now the fault could not be detected and rectified, though experts are continuously on work, as has been reported by the electricity department.

Since we are deprived of power supply for the last more than 36 hours, and we have Kanpur University examination from 05/10/2017, students are very much agitated and went on strike since yesterday morning and compelled the teachers, senior and junior Doctors on duty, not allowing them to continue on duty and they are all absconding. Water supply and all other services dependent on power supply are also jeopardized though we have partially compensated by our generating system during the nights and we hope power supply will be restored by evening today as has been assured by the power supply department. But we are still not sure as they are assuring restoration since yesterday.

Under the circumstances noted above, we are under great tension to control the situation and very much hope that everything will be normal within a couple of days but we are extremely sorry that we are not in a position to help the honorable members of the inspecting team visiting us on behalf of Medical Council of India. I am taking full care of the safety and safe return of the honorable members and I will make sure that they leave the city fully safe and at the same time with a heavy heart I will request your good self to send another team of inspectors sometimes later. Assuring you the best of services and full co-operation by the entire college and hospital family.

Thanking you very much.

Yours Sincerely

  
Principal

Verification of compliance submitted by institute:

Sr. No.	Deficiencies reported from GOI/MCI	Compliance by College sent to GOI/MCI	Remarks of the Assessors after the assessment
1	Deficiency of faculty is 70.75 % as detailed in the report	College always has adequate number of faculty as per MCI regulation but on the day of inspection as the time period given by assessors were too short between 10 am – 11 am, many faculty could not present themselves in front of assessors on time. Even after many requests, assessors didn't give any extra minute past 11 am for faculty to sign the attendance sheet. Also some of the faculty has availed prior leave, approved by Principal. Enclosed please find list of faculty who were present on the day of inspection but were not counted. Also find enclosed copy of leave letter of faculty who were on leave on the day of inspection. Also Enclosed is current list of faculty available in our college.	Deficiency of faculty is 72.4% as detailed in the report. <b>Deficiency persists.</b>
2	Shortage of Residents is 89.55 % as detailed in the report	Similarly, as many Residents were on evening and night duty, they also could not reach on time i.e. before 11 am to sign the attendance sheet. Some Residents has also taken leave for attending counselling for admission in PG courses in Private Medical Colleges. Also few residents were absent of that day without permission either from HOD & Medical Superintendent. Enclosed please find Resident roster list on the day of Inspection, list of residents who were not counted on the day of Inspection, Leave application for resident who has take prior leave approval from Med Supt/HOD and current list of Residents in our college.	Shortage of Residents is 88.05% as detailed in the report. <b>Deficiency persists.</b>

3	Medical Superintendent Dr. C.S. Aggarwal was not available on both days of assessment.	As mentioned earlier also, some faculty had taken leave including Medical Superintendent Dr. C.S. Agarwal. He has taken leave of around 20 days to celebrate Holi and engagement ceremony of his close relative in his home town. During his absence Dr. C. S. Srivastava (Deputy Medical Suptd.) was officiating his work. Copy of his leave application & charge handover is enclosed for reference.	The Dean Dr Ramanand Thakur is already shown for Academic year 2016-17 as a Prof & HOD Deptt. Of Pathology at Varun Arjun Medical College Sahjahanpur (U.P) Medical Superintendent working since 2011 but he has cross age of 70. <b>Deficiency Persist.</b>
4	OPD attendance on day of assessment was 552 against requirement of 800.	Our Medical College is located in a rural location in the district of Farukhabad and because of this; OPD & IPD of hospital gets affected by seasons & local festivals. As this year summer started quite early and by April first week, maximum temperature started soaring, day time OPD started falling. Most of the OPD start in the morning with afternoon becoming lull period and again picking up in evening (in emergency). This OPD figure is up to 2 PM not of 4 PM (closing time of main OPD) & also emergency OPD figure is not included. Now with more campaign, campus & village free clinic, the OPD has again increased to around 825-850. Enclosed please find OPD figure for the month of April 2016 & that of last 1 year.	OPD attendance on day of assessment is 922 against 552 in the last inspection. <b>Deficiency Rectified.</b>
5	Bed occupancy was 24.46 % on day of assessment	As mentioned earlier, even IPD/Bed occupancy to get effected by season's festival in rural India. On the day of inspection, as the assessors reached hospital by 10 AM, by that time many patients were taken for investigation in various departments, pre anesthetic checkups, Physiotherapy, procedures etc. Also many patients were discharged after morning round of doctors & new admission of that day was also not considered. Our average IPD for most of year remains 78%+ and record of last 1 year is attached as proof.	Bed Occupancy at 10:00 am was only 20.85% on the day of assessment. All the wards wore a deserted look. There were no patients in many wards like psychiatry, Skin, Pediatrics, , ENT etc. There was no patients in the Intensive care units. <b>Deficiency persists.</b>

6	There was NIL Major operation & 02 Minor operations on day of assessment.	As it was surprise inspection and all faculty n residents got involved in attendance and then head count thereafter, many routine operations got delayed or postponed on the day of Inspection. However by evening 7 Major surgery has taken place. Four in Surgery, two in orthopaedics and one in Ophthalmology. Also throughout the day approx 14 minor operations/procedure was also done. As the data collected by assessors were of 2 PM, hence it was not recorded by them. Enclosed find details of Major Surgery & Minor surgery conducted on the day assessment and also record of major/minor surgery conducted in last 1 year.	No Major / Minor Surgery Posted for Today. <b>No Major Surgery After 17<sup>th</sup> Feb 2017.</b> <b>Deficiency persists.</b>
7	There was NIL Normal Delivery & NIL Caesarean Section on day of assessment.	2 normal deliveries has taken place on the day of assessment out of which one delivery took place after 10 pm but it was not taken into consideration by the assessors. Enclosed find MRD details of deliveries on the day of assessment & last one year data of deliveries conducted in the department.	No Normal Delivery on the day of Assessment. No caesarean section posted on the day of assessment. Last Major Gynaec operation done on 17 feb. 2017. Miss match between Registers in OT and Labour Room . <b>Deficiency persists.</b>
8	CT Scan is not functional.	CT Scan was non functional on the assessment day due to power supply circuit failure in the machine. Now it has been rectified and made functional. Downtime was for 6 days.	CT Scan is not functional. Quotation for 16 slice CT Scan Machine received. <b>Deficiency persists.</b>
9	Workload of Special investigations like Ba, IVP was NIL on day of assessment.	On the day of assessment, as the faculties were busy in attendance, head count & document verification, special investigations were postponed till 3 pm. After 3 pm 2 special investigations took place but as record accepted by assessors ere up to 2 pm only hence not considered. However on the average 3-4 special investigation takes place per day. Details of MRD record for Special Investigation for last one year is attached herewith.	The workload of special investigation on the day of assessment was NIL. 3 contra study done on 20-02-2017. <b>Deficiency persists.</b>
10	Radiological investigation workload is grossly inadequate.	As explained earlier also, Faculties were busy with attendance, head count and document verification on the day of assessment, they often had to leave OPD unattended. Hence the Radiological investigations were comparatively	Work load (Plain X-Ray) for IP is Nil. **Comment with reference to the complain forwarded regarding Major S D Singh Medical College & Hospital, Fatehgarh**

1. The list of faculty presented on the day of inspection is enclosed here for your reference.
2. The incident of strike/protest held earlier on 2-3 times was acknowledged by few and refuted by other. Those accepted, had the view the protest was there but only held in the evening after the classes were over and the reason of protest was the poor quality of food in the mess which was resolved after the intervention of management and at no time the classes were suspended.

Verification of compliance submitted by institute:

Sr. No.	Deficiencies reported from GOI/MCI	Compliance by College sent to GOI/MCI	Remarks of the Assessors after the assessment
1	Deficiency of faculty is 70.75 % as detailed in the report	College always has adequate number of faculty as per MCI regulation but on the day of inspection as the time period given by assessors were too short between 10 am – 11 am, many faculty could not present themselves in front of assessors on time. Even after many requests, assessors didn't give any extra minute past 11 am for faculty to sign the attendance sheet. Also some of the faculty has availed prior leave, approved by Principal. Enclosed please find list of faculty who were present on the day of inspection but were not counted. Also find enclosed copy of leave letter of faculty who were on leave on the day of inspection. Also Enclosed is current list of faculty available in our college.	Deficiency of faculty is 72.4% as detailed in the report. <b>Deficiency persists.</b>
2	Shortage of Residents is 89.55 % as detailed in the report	Similarly, as many Residents were on evening and night duty, they also could not reach on time i.e. before 11 am to sign the attendance sheet. Some Residents has also taken leave for attending counselling for admission in PG courses in Private Medical Colleges. Also few residents were absent of that day without permission either from HOD & Medical Superintendent. Enclosed please find Resident roster list on the day of Inspection, list of residents who were not counted on the day of Inspection, Leave application for resident who has take prior leave approval from Med Supt/HOD and current list of Residents in our college.	Shortage of Residents is 88.05% as detailed in the report. <b>Deficiency persists.</b>
3	Medical Superintendent Dr. C.S. Aggarwal was not available on both days of assessment.	As mentioned earlier also, some faculty had taken leave including Medical Superintendent Dr. C.S. Agarwal. He has taken leave of around 20 days to celebrate Holi and engagement	The Dean Dr Suresh Prasad was not available on the day of assessment Medical Superintendent Dr. C.S. Aggarwal was

4	OPD attendance on day of assessment was 552 against requirement of 800.	Our Medical College is located in a rural location in the district of Farukhabad and because of this; OPD & IPD of hospital gets affected by seasons & local festivals. As this year summer started quite early and by April first week, maximum temperature started soaring, day time OPD started falling. Most of the OPD start in the morning with afternoon becoming lull period and again picking up in evening (in emergency). This OPD figure is up to 2 PM not of 4 PM (closing time of main OPD) & also emergency OPD figure is not included. Now with more campaign, campus & village free clinic, the OPD has again increased to around 825-850. Enclosed please find OPD figure for the month of April 2016 & that of last 1 year.	OPD attendance on day of assessment was 318 against requirement of 800. <b>Deficiency persists</b>
5	Bed occupancy was 24.46 % on day of assessment	As mentioned earlier, even IPD/Bed occupancy to get effected by seasons festival in rural India. On the day of inspection, as the assessors reached hospital by 10 AM, by that time many patients were taken for investigation in various departments, pre anesthetic checkups, Physiotherapy, procedures etc. Also many patients were discharged after morning round of doctors & new admission of that day was also not considered. Our average IPD for most of year remains 78%+ and record of last 1 year is attached as proof.	Bed Occupancy was only 5% on the day of assessment. All the wards wore a deserted look. There were no patients in many wards like psychiatry, Skin, TB & Chest, ophthalmology, ENT etc. There were no patients in any of the Intensive care units. <b>Deficiency persists.</b>
6	There was NIL Major operation & 02 Minor operations on day of assessment.	As it was surprise inspection and all faculty n residents got involved in attendance and then head count thereafter, many routine operations got delayed or postponed on the day of Inspection. However by evening 7 Major surgery has taken place. Four in Surgery, two in	There was NIL Major operation & Minor operations on day of assessment. On 11/07/2016 last Operation was done in the OT complex of six OT. <b>Deficiency persists.</b>

As the data collected by assessors were of 2 PM, hence it was not recorded by them. Enclosed find details of Major Surgery & Minor surgery conducted on the day assessment and also record of major/minor surgery conducted in last 1 year.	
7	There was NIL Normal Delivery & NIL Caesarean Section on day of assessment.	2 normal deliveries has taken place on the day of assessment out of which one delivery took place after 10 pm but it was not taken into consideration by the assessors. Enclosed find MRD details of deliveries on the day of assessment & last one year data of deliveries conducted in the department.	There was NIL Normal Delivery & NIL Caesarean Section on day of assessment. <b>Deficiency persists.</b>
8	CT Scan is not functional.	CT Scan was non functional on the assessment day due to power supply circuit failure in the machine. Now it has been rectified and made functional. Downtime was for 6 days.	CT Scan is not functional. <b>Deficiency persists.</b>
9	Workload of Special investigations like Ba, IVP was NIL on day of assessment.	On the day of assessment, as the faculties were busy in attendance, head count & document verification, special investigations were postponed till 3 pm. After 3 pm 2 special investigations took place but as record accepted by assessors ere up to 2 pm only hence not considered. However on the average 3-4 special investigation takes place per day. Details of MRD record for Special Investigation for last one year is attached herewith.	Workload of Special investigations like Ba, IVP was NIL on day of assessment. The IITV was non functional. <b>Deficiency persists.</b>
10	Radiological investigation workload is grossly inadequate.	As explained earlier also, Faculties were busy with attendance, head count and document verification on the day of assessment, they often had to leave OPD unattended. Hence the Radiological investigations were comparatively less on the day of assessment. Enclosed please find MRD record of radiological investigations for last 1 year for your reference and confirmation.	Radiological investigation workload is grossly inadequate. <b>Deficiency persists.</b>
11	Histopathology workload was	As Major Operations on the day of assessment	Nil Histopathology and Nil Cytopathological

There was no record available in the lab about the sample being process in the labs. <b>Deficiency persists.</b>
12	Labour Room: Labour Register is not available. There is no sister i/c.	During the time of assessment, the sister I/C has taken the register to the Medical Record Department to make some entries in the patient files. As the Inspection was surprise, other nursing staff didn't get time to call the sister I/C and bring the register. It was brought to the notice of assessors later on but it was not noted down by them. Hence the above remarks. Labour register is now made available in the Labour room, under safe custody of sister I/C. Photocopy of few pages of labour room register is enclosed for reference.	Labour Room: Labour Register is available. There is sister i/c present in the labor room. <b>Deficiency rectified.</b>
